Edits attached. I made the document fully support termination and provided comment boxes where additional data should be provided to back up this decision.

The draft is overwhelming weighted for extension which I do not think is the conclusion we are looking for. The memo seems to dismiss or downplay the positive developments that should suggest reauthorization is inappropriate. The memo also makes no mention of the substantial amount of foreign aid the U.S. and charities have invested in Haiti since the earthquake another relevant factor to indicate that Haiti no longer meets the definition of TPS.

I can track change edits tonight or we can discuss in the morning, whatever your preferred timing is.

Can you take a look at this draft? I need to circulate to some folks but want another set of eyes on it. Thanks.

Kathy (and Larry, who has been pestering I mean, *reminding* us),

Kathryn and I have completed a draft Haiti TPS decision memo (attached). In short, based on our review of country conditions, we've written it so that it could support either extension or termination, but left the recommendation blank,

pending further discussion.

We're taking off now and have a morning meeting that has us out of the office till around noon, but can discuss thereafter. We'll leave a printed copy on your chair.
